Call for Independent Medical Education Grant Applications Oncology – Prostate Cancer

Release Date: December 4, 2017

I. Background

Astellas and Medivation, Inc., a Pfizer company, (collectively, the Companies) are committed to supporting high quality, evidence-based independent medical education (IME) that seeks to improve the overall safety and quality of patient care and treatment. The intent of this Call for Grant Applications (CGA) is to encourage organizations to submit grant applications for independent CME/CE certified education designed to close knowledge gaps identified in the public healthcare landscape, drive measurable improvements in knowledge, competence and performance of healthcare professionals, and advance patient health outcomes. “Independent” means that the projects funded by the companies, are the full responsibility of the recipient organization. The Companies do not have influence over any aspect of the supported projects and only ask for interim and final outcomes reports including a description of the impact of the projects.

When responding to this CGA, please adhere to the following principles in addition to the established guidelines for the Astellas IME grant application process. All applications must be submitted online through the Astellas Grant Management System, accessible at www.astellasgrants.com.
