

One Webinar Platform, Endless Possibilities

Engage Audiences With Professional-Quality Video in Minutes

GlobalMeet Webinar is a do-it-yourself, cost effective, web-based events platform available for unlimited monthly use, with streaming audio or video. Whether your need is for training a small group of new hires or generating leads for your product, GlobalMeet Webinar will help you deliver a more engaging webinar anywhere, on any device, with a single URL. A variety of specially designed packaging ensures any size organization has the right features to deliver engaging, professional-quality webinars.

Redefine Presentations With GlobalMeet Webinar

GlobalMeet Webinar saves you time, money, and headaches. Simply login to your account and set up a custom-branded webinar in minutes. With GlobalMeet Webinar, webcam broadcasting and screen sharing is as easy as clicking a button. Our user-friendly webinar software allows presenters to easily record the event to share on-demand for those unable to attend a webinar live.

Features You Want With the Reliability You Need

GlobalMeet Webinar is a cloud-based tool offering 100% browser-based access for hosts, presenters and viewers from any device. The solution provides high-quality audio streaming, broadcast HD video and interactive features such as polling, Q&A and chat to keep audiences engaged, with the versatility to be delivered live, sim-live or on-demand. And easily measure event success with comprehensive reporting access for event analytics.
